Chair, Princeton Green Schools Coalition

*"Mia's actions speak far better than any words in proving her integrity, commitment, and sense of community."* - Kate Warren

## Mia's Priorities for Princeton

### Rigorous Fiscal Leadership

- ~ Make every decision by **weighing the benefit** of public expenditure against its impact to social and economic diversity in our community.
- ~ Support transparent, **zero-based budgeting**.
- ~ Better **understand the financial costs** to the municipality of the many tax-exempt institutions located in Princeton.

### Proactive Planning

- ~ Update Community Master Plan to reflect our **community values** of diversity and inclusion.
- ~ Change Princeton's zoning ordinances to preserve and expand **middle class housing options**.
- ~ Support **land use policies** that incentivize mixed-use, pedestrian and transit-oriented development.
- ~ Expand access to **safe and sustainable transportation** options; **coordinate with regional partners** for more efficient traffic management.

### Environmentally Responsible Policies

- ~ Implement Princeton's **Climate Action Plan**.
- ~ Adopt **energy conservation measures** in municipal and school buildings that save taxpayer money.
- ~ Enhance the **resilience** of municipal infrastructure and local ecological systems to climate change.

### Strategic Economic Development

- ~ **Prioritize economic development** starting with creation of an Economic Action Plan for Princeton.
- ~ Attract low-impact commercial development to **expand our tax base**.
- ~ **Support local businesses** by streamlining the review and permitting processes.
- ~ Develop a more productive relationship with Princeton University that ensures **maximum benefit** to the town we share.
